TESTIMONIALS

“ I would estimate that our move to ArbitrPay™ has saved me at least fifteen hours per month just by not having to write checks. Additionally, ArbitrPay's extensive documentation that we (and our officials) now have with respect to games that they have been paid for is a tremendous time savings. Each official can look in the system and see precisely which games he/she has been paid for. Our complaints about officials not being paid for games worked have virtually been eliminated.”

TESTIMONIALS

“ I would estimate that our move to ArbitrPay™ has saved me at least fifteen hours per month just by not having to write checks. Additionally, ArbitrPay's extensive documentation that we (and our officials) now have with respect to games that they have been paid for is a tremendous time savings. Each official can look in the system and see precisely which games he/she has been paid for. Our complaints about officials not being paid for games worked have virtually been eliminated.”

TESTIMONIALS

“ CASRA has found that switching to ArbitrPay™ from paying by check and with cash at tournaments has substantially improved our ability to service clients and pay referees. For an organization with almost 2,000 referees and 24,000 games assigned, the time and expense of printing checks, stuffing envelopes and mailing have been substantially reduced. After some initial resistance (change is always hard), CASRA's referees really like the
